Section 2 — Eligibility Details (two columns)

2.1 Sick Leave

Sick leave is available to all employees from day one of employment. A maximum of five days per calendar year may be taken. Sick leave does not carry forward to the next year and is not encashable on exit.

A medical certificate is required for absences longer than two consecutive working days.

2.2 Parental Leave

Parental leave is available to employees after one year of continuous service. Eligible employees are entitled to twenty six (26) weeks of leave per child. Parental leave must be applied for at least 30 days in advance where possible.

Parental leave is separate from and additional to earned leave.
